Formulae

Mullein Herb, Lobelia

Therapeutic Action

Dr. Christopher called the **Mullein & Lobelia Combination** his glandular formula. Originally we developed this formula for support of the glandular system and clearing of goiters on the thyroid gland. It can also be used as an aid to relieve mastitis, thyroid malfunction and any malfunctioning glands.

Mullein has a special affinity (attraction) for the respiratory organs and is a valuable remedy for all pulmonary complaints. It is the only herb known to man that has remarkable narcotic properties without being poisonous and harmful. It is a great herbal pain killer and nervous soporific, calming and quieting all inflamed and irritated nerves and is one of the most important agents for influencing the glandular system.

Lobelia is an anti-infection herb, anti-spasmodic herb, can be used as a sedative and is also very important in the relief of pain.

Mullein Herb

Lobelia

Mullein
