- Natural herbal foods to help Turn back aging, Promote longevity

BOTANICAL INGREDIENTS:

Tribulus Terrestris, Mucuna Pruriens, Sarsaparilla Root, Fo-Ti, Horny Goat Weed, Ginseng, Maca Root, Ginger,

TRIBULUS TERRESTRIS

Also known as Puncture Vine, this herb is from India and parts of Eastern Europe. It has been seen to work in a matter of days by raising testosterone levels, improving sports performance, and serving as an aphrodisiac. It apparently works very well, as chimps that were given this herb saw testosterone increases of over 50 percent..

MUCUNA PRURIENS

This herb is both a growth hormone and a natural steroid, thus enhancing testosterone levels. This herb increases the dopamine in the brain, thus encouraging the body to create more testosterone on its own. It also decreases prolactin levels, which have been shown to be a key player in sexual dysfunction in men.

SARSAPARILLA ROOT

This is a natural steroid that helps increase muscle mass in both men and women. It also helps with prostate problems and offers sexual enhancement for men. It can also help with male pattern baldness. This herb can be taken in capsule form and can be increased over time if it doesn't seem to be effective enough with the first level dose. As an added bonus, you can supplement the capsule with drinks that contain the herb.

FO-TI

This Chinese herb has been used for thousands of years as a way to turn back aging, it also promotes longevity and enhance sexual health. Also known as Hoshou Wu, it has been used as a cure for impotence for many centuries.

HORNY GOAT WEED

Just as the name suggests, this herb has been used to increase libido and improve sexual stamina for over 2,000 years. Not only does it increase testosterone levels, it also helps open up the blood vessels, which can lead to more energy and increased vitality.

GINSENG

One of the most common herbs for testosterone and other problems, ginseng has been proven to improve energy levels, enhance memory and boost sexual function for both men and women. The Chinese believe that ginseng can also improve longevity.

MACA ROOT

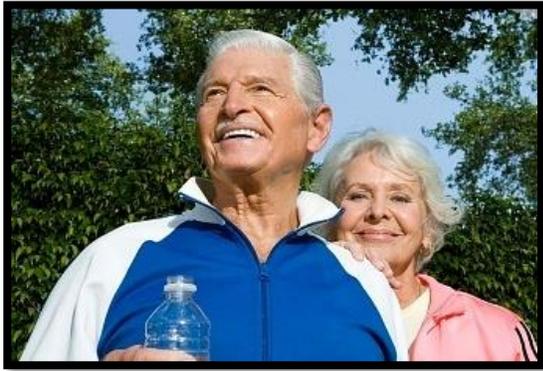

This plant from the Andes increases testosterone and other hormones that are essential to reproductive health. As a result, libido rises and energy levels go up. This herb is also great for improving muscle mass. This can be used in conjunction with other herbs for testosterone, and it can also be found in some drinks. This was considered such a potent remedy that it was reserved only for Inca royalty for many centuries.

GINGER ROOT

Ginger is often used as a carrier for herbs that are intended for the lower intestinal tract and for the reproductive area. Ginger root accentuates many herbs in the lower abdominal and colon areas.

HERBS FOR TESTOSTERONE

The use of herbs has been proven a safe, effective way to enhance health through the centuries. These herbs for testosterone are most effective when used along with the basic bowel cleansing, liver flushing & other health rebuilding programs.

WHY YOU NEED IT

Erectile Dysfunction, is more than broken toys, it is often the first indication serious circulatory issue exist. E.D. is the “canary in the cave” so to speak.

There is a very strong link between erectile dysfunction and heart disease. Several studies have shown that if a man has ED, he has a greater risk of having heart disease. For instance, in one study, 57% of men who had bypass surgery and 64% of men hospitalized for a heart attack had had ED.

Having ED can predict that a man will probably have heart disease symptoms within five years. In fact, having ED is as much a risk factor for heart disease as a history of smoking or a family history of coronary artery disease. [Read More](#)

We know the problem; the question is how to clear this naturally. Below is a list of suggestions that have proved very effective in the past.

Clean up the food program. This might be a good time to cut out animal products or seriously cut down on them. An excellent DVD guide available is: [“Forks over Knives”](#). If you are not willing to look at or adjust your food program there is little point in going on. The herbal aids may provide some support, while leaving the serious issues unresolved.

Begin using a daily regimen of Cayenne, Garlic, and Wheat germ oil. These herbal supports work to clear Plaque and cholesterol. Plaque is made up of fat, cholesterol and other substances found in the blood. Over time, the amount of plaque can increase, causing narrowing of the arteries. When this happens, it is more difficult for the blood to flow.
